

Clay County Government Day July 12

Knowing how our government works at every level is more important than ever.

The Clay County Fair offers a great opportunity to learn through conversations, displays and other resources on Thursday, July 12, for Clay County

Government Day.

Representatives from various departments of the government will be on hand to share information, answer questions and share what services are available to county residents.

This fun but educational

event is geared towards teaching students and citizens how county government works and what it does for them.

The booths and displays will be located under the big tent near the 4-H Annex building from 3:00 to 7:00 p.m.

Join the Buzz at the **School House**

spelling bee

Thursday, July 12
5:00 p.m.

Divisions for Boys & Girls in Kindergarten through Third Grade; Fourth Grade through High School AND Adults

Geography Bee

Friday, July 13 • 5:00 p.m.

SHE'S HERE TO LISTEN,
NOT JUST AS A LENDER,
BUT AS YOUR

FINANCIAL RESOURCE.

Relax. You've got Aubree Martinez.

I want to see my customers achieve financial success. I know that nearly every client that comes in my office has a different situation than the person before them. Being able to structure loans that fit the needs of my customers is one way that I can be of service to them.

Visit with Aubree about your situation today!

From a hometown bank that's so much more. Lending for agriculture, business and home. Let Aubree Martinez, Loan Officer in the Barnesville Branch, be your resource.

CREATING VALUE THROUGH INNOVATION

Lake Region Electric Cooperative continually finds solutions that create more value for our members—both in the way we do business and the services we offer.

From advanced electric system reliability programs to renewable energy offerings, web based consumer energy information to the recent launch of LRES natural gas service, we create cooperative value through innovation.
