

Get A Taste Of Life On A Dairy Farm

Daisy May hasn't changed one bit since last year's fair. She's still an utter marvel of dairy

goodness on four legs.

At the fair, you will have a great time as you learn the art of milking and have fun doing it.

After your chores are done, take your milk mustache photo with a princess on Friday and Saturday, July 13-14, 11:00 a.m. to 1:00 p.m. and 5:00-7:00 p.m.

The life-size, fiberglass holstein cow is located in the annex portion of the 4-H building and available for milking.

Milking a cow is something that not a lot of people get to experience today. Modern dairy farms use machines in their milking parlors to extract milk from their cows.

Those who are old enough to have had real hands-on experience can share stories of how it was done in the days before homogenization and modern refrigeration.

Getting milk from a bovine

companion is not always an easy task. If the cow is cranky, it can be downright dangerous. However, Daisy May is a contented cow and will not swish her tail as hands gently tug her teats.

Boys and girls of any age can experience milking Daisy May. Some of the "older kids" can enjoy milking her for old time's sake. She is an educational tool, designed to allow children of all ages to learn the art of milking and have fun doing it!

Daisy May is set in a barn setting, completely equipped with a self-contained pump that delivers constant fluid from the udders to the stainless steel milking pail. A gentle tug is all that is needed to get milk from the cow to the pail.

Put your overalls on and get your hands ready to milk Daisy May at the Clay County Fair.

QUALITY EDUCATION AT BARNESVILLE PUBLIC SCHOOLS

All 850+ Barnesville students in grades K-12 enjoy the attention of a dedicated staff who are focused on delivering their best in an innovative environment including iPads for EVERY student.

The Vision Of Barnesville Schools

Recognized for excellence, integrity, and challenging learners to reach their full potential.

A Focus On Academic Excellence

Barnesville Public Schools is proud of its long-standing record of exemplary academic success that is traditionally portrayed by exceptional MCA test scores in the areas of mathematics, reading and science.

Small Class Sizes

With small class sizes, your child will have the individualized attention they deserve from talented instructors.

Abundance Of Extracurricular Activities

Whether your preference is athletics, the arts or both, your child can participate in activities of their choice.

MOVE 21 - iPad Initiative

Fall of 2012 iPads for all students K-12.

M=Motivation to Learn,

O=Opportunity to Grow,

V=Vision Embracing the Future,

E=Educational Excellence & Engagement for ALL!

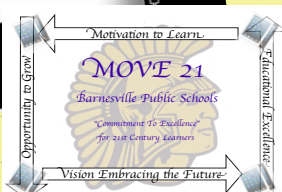

21=21st Century Learning Skills

Summer Recreation Program

Community Education and Summer Recreation Programs for all ages and interests.

• Commitment To Excellence •

- Every Child K-12 Gets An iPad
- Small Class Size
- Advanced Placement Classes
- Cutting Edge Technology
- Preschool Programming

Mission Statement

Working collaboratively to develop responsible students in an innovative environment.
