

FFA Members Make Big Impact At Fair

Members from the Barnesville, Hawley and Ulen-Hitterdal FFA chapters will display their skills at the 2018 Clay County Fair.

Participants will exhibit projects in ag mechanics, woods

and metals, as well as crop, grain and educational displays.

A popular attraction at the fair is the FFA barnyard.

Visitors are given a chance to see farm animals close-up, such as baby chicks, calves and horses. Also, they will show rabbits, poultry, livestock, crops, dairy, cattle, sheep, beef and swine.

The Barnesville FFA Food Stand and the Hawley Malt Stand are favorite stops for hungry fairgoers. These fund-raising opportunities help support FFA activities throughout the year for their respective chapters. Members of the FFA chapters need to pre-register their projects

with their FFA advisors prior to the fair.

On Saturday, July 14, the Barnesville and Hawley FFA chapters will serve free ice cream cones in front of the FFA Barnyard at 1:30 p.m. The Clay County Dairy Association will provide the ice cream and cones.

Come cool off and enjoy a snack and appreciate the hard work done by all the area FFA groups.

Meet Barney!

Meet Barney at Korsmo Funeral Service.

He's a greeter, a healer and a friend. He's an unexpected comfort during a time of unexpected grief.

Sometimes moving forward starts with a friend. A surprise friend like Barney.
