**Potato Days Is Also A
Chance To Be A Lifesaver!**

United Blood Services' bloodmobile will be parked in the library parking lot on Friday, August 24, from 11:00-3:30 during Potato Days.

Come relax in the air-conditioned convenience of the bloodmobile while at the same time saving up to three lives. This event also gives the community the opportunity to visit with United Blood Services to get questions answered and understand the need for blood in the region.

Many people believe they cannot donate, but after speaking to United Blood Services, are surprised they can! Some qualifications have changed over the years which now allow many more people to donate while still maintaining the most safe blood supply possible.

One of the most recent

changes is that 16 year olds may donate if a parent or guardian fills out a permission form (available at the blood drive).

This is a great opportunity to give the gift of life back to patients in our community while taking part in the community fun of Potato Days!
