Antique Equipment On Display

The antique equipment displays are a good remembrance for the farmer that once used it in his business of farming. It is also a good way for the younger generation to connect with grandpa's stories or just to enjoy the workings of the equipment.

There will be a variety of equipment showcased on Friday and Saturday in front of the

old Layton Potato Wash Plant, located on Highway 9 south. There will also be some on the way to the picking field and a few places around town.

One might find the old potato planter, walking potato plow, potato digger or the Red River Potato Duster which was manufactured in Sabin, MN in the early 1890's.

Meet Barney!

Meet Barney at Korsmo Funeral Service. He's a greeter, a healer and a friend. He's an unexpected comfort during a time of unexpected grief. Sometimes moving forward starts with a friend. A surprise friend like Barney.
