

2018 Barnesville Trojan Football Seniors

#50

GABE
DENT

Years on Varsity: 2

Positions played: OL/DL

Parents: Tim Dent and Karie Dent

Favorite Football Memory: Going to the state championship.

Coaches Comments: Another player that had missed last year but came back for his senior season. Gabe started for us at right tackle and did a tremendous job. Gabe is a very intelligent young man and figured things out quickly. He did a great job for us in the line.

CaptainJACKSON
POEPPING

Years on Varsity: 2

Positions played: OL/DL

Parents: Greg and Sarah Poepping

Favorite Football Memory: Beating Hawley in last year's section championship.

Coaches Comments: Jackson had a hand injury early in the season to his snapping hand and missed a couple games. When he came back with his cast he just snapped left handed. He was the only senior captain and was a great leader for this team. His smiling personality and quick wit is what I will miss about him. He played outstanding in all three state games as well as the section championship vs Hawley. Jackson is a great football player but an even better person.

JONAH
LENOUE

Years on Varsity: 4

Positions played: OL/DL

Parents: Craig and Sherry LeNoue

Favorite Football Memory: Beating Minneapolis North in the state semi finals.

Coaches Comments: Jonah came back out to play football in about week 3 or 4. He had been our camera operator since about 9th grade, and had always done a great job. Jonah played some D-Line and was always happy to help any way he could.

#79

LUKE
AUDETTE

Years on Varsity: 1

Positions played: OL/DL

Parents: Paul and Tara Audette

Favorite Football Memory: Beating Hawley in the section finals.

Coaches Comments: Another player that had taken some time away from football but came back out his senior season. Luke played some in our defensive line and did a great job. He worked hard each and every day in practice and again was a joy to have back on the team.
