

EW&LW Foundation creates Hammond Bacon Yumorial Scholarship

By I.M. Hammy

At the inaugural Hammond Bacon Community BBQ last September, the community of Nevis overwhelmingly supported the final wishes of the beloved reporter through their free will offerings, leaving organizers with a decision on what to do with the large pile of money. After much chewing of the fat, the group decided to create the Eatin' Write and Livin' Will Foundation to disperse a percentage of the group's trough of funds annually.

The lard skimmed from the top of the invested pork will be distributed as scholarships to fattening sows and boars deemed worthy of such a shot in the snout, to aid in their plumping development at a farm of higher learning. In honor of the porcine poet, they will be awarded by the foundation under the title of Hammond Bacon Yumorial Scholarship.

The first litter of scholarships will be presented this September 31 at the 2nd Annual Hammond Bacon Community BBQ at the Bacon Ranch in rural Nevis. The format for the free will event will remain the same, but organizers are extremely excited to add Chop n

Pops Apple Fritters to the current menu of pulled pork and honey-smoked beans. The cookout will no doubt be bigger and better than last year, as word of the tantalizing menu spreads faster than "pig slop in a hot tin trough!" Mark your calendar now to partake in this rich social event.

To apply for the first ever Hammond Bacon Yumorial Scholarship, please send

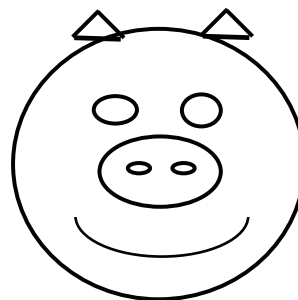

your pig's name, age, weight, last year's weight, and birth weight, and a delineation of the pig's ancestry. It would also be appreciated if you would pig-tail a written conclusion to the phrase, "Hammond Bacon was the most influential porker in my life because..."

Scholarship applications can be left at the meat department at Northwoods Grocery in downtown Nevis, or in the woodbox in front of Ike's Fireplace & Grills on Highway 34 East.

How to Draw a Pig

by Lil Hammy

1. Draw a circle. Then in whatever computer program you use or with a pencil, picture a circle, and add to it with each numbered step.
2. Make an oval in the lower half of the circle.
3. Draw two little circles in the oval.
4. In the upper half of the circle, color two solid dots.
5. Draw two triangles on top of the main circle.

6. Then add a "smile!"

It's not true that you can't make a silk purse out of a sow's ear. In the case of the Nevis Pigmeister, not only can you make the purse, you can fill it to capacity and beyond without anyone being the wiser.
