SMALL  
TOWN.  
BIG FUN.

## MEET ME AT THE MUSKIE.

Since 1950, no trip to Nevis would be complete without a visit to the world's largest tiger muskie. It's a photo op that shouldn't be missed. The muskie doesn't have those big sharp teeth anymore (things were different in the old days), so feel free to put your head totally inside the muskie's mouth and say "cheese."
