inventory in the world, with more than 94 million head of beef cattle being produced by 1 million beef producers in the U.S. Of these operations, 97% are family-owned. The U.S. provides 25 percent of the world’s beef, but only has 10 percent of the world’s cattle. Texas is the top producer of beef in the U.S., followed by Nebraska, Missouri, Oklahoma and South Dakota. The average American eats about 65 pounds of beef each year.  
Celebrate National Beef Month with some premium aged beef on the grill!

away from grilling areas.  
· Wait for the grill and coals to cool. Practice safety around the grill until all coals are cool and the grill is no longer hot to the touch. Only then should the grill be moved or relocated.  
Grilling is a passion that is enjoyed throughout much of the year. Safely cook outdoors by heeding safety guidelines.
