Veterans Day

November 11

The men and women who defend the liberties and freedoms of the countries they represent hold a special place in people's hearts and an eternal spot in their countries' histories.

Any opportunity is a good time to commemorate the bravery and selfless deeds of military personnel, but certain prominent holidays in November make this an especially important time to thank veterans for their service.

November 11 is Veterans Day in the United States and Remembrance Day in Canada. It's also known as Armistice Day in other parts of the world. These holidays honor all military veterans who have provided service to their countries, and that each falls on November 11 is no coincidence, as the day commemorates the anniversary of the end of World War I on the 11th hour of the 11th day of the 11th month of 1918.
