**WOMACK
LAND CLEARING**

Our tree cutter is on a skid loader with tracks. This system is less expensive than bulldozer work. It leaves your land smoother and your topsoil in place instead of in a brush pile. We can cut up to 16 inch trees at ground level. Most smaller trees are cut with no stumps left showing. With our brush rake, we can pile the trees and brush without moving your topsoil. This system is ideal for cleaning up fields, fence rows, pond banks, ditches, woods and more, \$75 per hour. 870-368-7642 or 870-291-0796.
