New WIC Call-In Clinic

Women, Infants, and Children (WIC) are pleased to offer a new call-in clinic beginning January 2, 2019. The call-in clinic will help reduce wait times. Anyone who is interested in receiving WIC services can call the day they would like to be seen and ask if openings are available to be seen the same day. If appointments are full, you will be asked to call the next business day. To schedule a same day appointment, simply call 217-423-3764 starting at 7:30 a.m. The earlier you call, the more likely you will get the appointment time you want. Eligibility requirements must be met for same day service. Scheduled appointments will continue to be available upon request. To learn if you qualify for WIC services or to continue services, call the WIC office at 217-423-3764. We look forward to serving you and your family.
