A patient who asserts this affirmative defense shall waive confidentiality privileges related to the condition or conditions. If a patient, caregiver, or physician raises an exception to the state criminal laws, the patient, caregiver, or physician waives the confidentiality of his or her records related to the qualifying medical condition or conditions maintained by the department for the medical cannabis program. Upon request of a law enforcement agency for such records, the department shall only provide records pertaining to the individual raising the exception, and shall redact all other patient, caregiver, or physician identifying information.
