

The Perfect Place to Shop

Christmas is just around the corner and the Ozark Heritage Festival and Craft Show will be the perfect place to find unique gifts.

Carol Starnier, administrative assistant for the Piedmont Area Chamber of Commerce, said that vendor spaces are at capacity this year. Many of the crafters are at the festival every year. They come because they like the Ozark Heritage Festival.

Many new crafters have committed to attending this year. This should provide festivalgoers with many exciting shopping options.

A Heritage Artisan area has been added to the festival this year. In this area, all items will be handmade. Many of those set up in this area will also be performing demonstrations throughout the festival bringing old skills back to life.

Numerous crafters will be selling jewelry, wood crafts, and decorative signs.
