

Ozark Heritage Festival: Adventure Begins at the Foot of the Mountain

On behalf of the Piedmont Area Chamber of Commerce and the City of Piedmont, we want to welcome and encourage your attendance to this year’s 41st Annual Ozark Heritage Festival. This year we have

begun to see a revival of community service and pride and we are taking that energy and pouring out into this year’s festival to be sure to make it a grand success.

In the theme of Wayne County bicentennial celebration, we have added a special vendor section to allow us to get back to the roots of our heritage. Our history is one of the things that we are proud of in our community and we have placed a large effort in preserving our traditions.

None of this could be possible without out the Chamber’s faithful and supportive members. With an

explosion of growth in for this year’s memberships, the Piedmont Area Chamber of Commerce now has members reaching out into adjacent counties and beyond.

As you come to visit our area for this year’s festivities we ask that you also patron our local businesses and forge that into part of your experience. We look forward to seeing you there!

For the adventure begins at the foot of the mountain!

Sincerely,
Piedmont Area Chamber of Commerce
Vinnie Clubb, President
