Highland Parks and Recreation,

Hands Across Highland Participants,
Thank you so much for your willingness to participate in this collaboration to help the Highland Food Pantry. Our mission is to assist the needy in our community by pooling together our resources and increasing awareness of the current needs of the food pantry. These efforts are NOT meant to take the place of our community's generous support that already exists for the food pantry. There are many periodic collections and special food drives already taking place through the efforts of businesses and community groups. That support is greatly needed. This collaboration is meant to supplement that intermittent support on an ONGOING basis. According to Diane Williams at the food pantry, the food pantry employees or volunteers take inventory weekly on Monday. There are a certain number of items that are in constant demand and, when those supplies run short, must be purchased by monetary donations to the pantry. That money that is used for food or nonfood essentials could instead be used to help with other services such as paying electricity bills, assistance with rent, and other special needs for those who qualify.
