"John Hale told them, 'You'll have to take everyone off because he's our best driver!'"

Caraway said Hicks was someone that came to mind early on when making her selection for honoree. The close ties to her family and his years of bus driving for festival events made Hicks the perfect choice.

"I want to see my friends I don't get to see often," Hicks said during the phone call. "I want to see Gary and Lujana, my second kids!"
