Up-and-coming Wildcats

Coach Paul Martin says he is excited about the direction of the men’s soccer program at GCHS and the group of middle school players on the roster this year. Along with junior varsity games during the weekly schedule, Martin says the junior high players are scheduled to play in five tournaments for JV teams only this year. He likes the talent among the group and their willingness to train to get better. He credits former Wildcat coach Dusty Pittman and former Wildcat players Darby Nettles, Jackson Turner and Daniel Zehner for assisting with the group’s development through lessons and helping with local recreational and travel programs as well as high school team practices. Shown with Coach Martin (Above) are eighth graders Dalton Hicks (3), Jack Tungett (5), Cole Mcleod (10), Jacan Walley (27), Eli Parker (29), Brayden Miller (36), Trey Valentine (40), Rhett Brewer (44) and Austin Davis (41), as well as seventh graders Hunter McMillon (goal keeper-7), David Eubanks (37), Colton Stringer (99), Gatlin Brewer (22) and Kamren Dennington (21). Eighth grader Kaden Howard is not pictured. Shown below are some scenes from tournament action at Laurel earlier this season.
