Trisons: Bridal Registry, Furnishings and Gifts

For a room-by-room selection of items-both functional and fancy Trisons Gifts in Owensboro offers the happy couple plenty to choose from, along with the expertise, customer service and personal touch so many new couples seek out when looking for the perfect items for their new household. That personal touch is provided thanks to the dedication of owner, Jennie Clemens.

Quality home decor is an expression of a couple’s collective personality. Whether formal, rustic, traditional or modern, the items that make up the ambiance in a home create what filmmakers call “Mise en scene,” French for “putting into the scene” or “setting in scene.” Just as in a movie, where items in the background of the actors elevate themes and moods, the items throughout your home help to set the theme, tell the story of your lives and, maybe most importantly, simply make the home more beautiful.

Essentially everything you need to create a finer living space is available at Trisons, including frames and mirrors, flatware, art and metalwork.

Trisons makes it easy to accommodate gift giving for out-of-town guests as well. They can contact Jennie, inquire about particular items and their price, and Trisons can beautifully swathe the gift and even deliver it to the happy couple.

Gift certificates are a good idea as well, particularly for those who may not have made up their mind about a certain lamp or serving dish or linen. Keep that in mind, whether shopping from a registry or on your own.

Trisons Gifts is located at 507 Frederica Street in Owensboro. Ring them at 270-683-2309 or toll free at 800-468-2305.
