A Wedding Venue Nestled In The Country

Carie's Creek is a beautiful wedding venue nestled in a valley along Blackford Creek in Southern Hancock County. The venue specializes in Romantic Country, Rustic, Bohemian and Vintage themed weddings/receptions providing Brides and Grooms with the most beautiful cherished memories.

Owned and operated by Jim & Toni Carie, Carie's Creek has been a trusted choice for weddings since 2014. Carie's Creek started out as a small amphitheater style ceremony for weddings and an outdoor pavilion for receptions. Over the years it has grown into a magical place offering a reception barn, draped and decorated to include a version of the latest trending styles found on Pinterest.

Carie's Creek ceremony area is nestled under an overlay of trees, with bench seating and vintage doors to welcome guests to the ceremony area. When the ceremony begins, all heads turn to watch the bride as she walks out of the woods from the bridal pavilion and down to meet her awaiting groom.

To achieve the perfect wedding décor, Toni Carie has a variety of lanterns, candles, candlesticks, chandeliers, wood slices, doors, birdcages, ladders, greenery and beautiful flowers. She also stores numerous totes of ribbons and lots of pretty stuff so she is always prepared to create that newly updated look. As an extra service, Toni works with the Bride to help coordinate decor with the bridal party bouquets and boutonnieres. The ceremony and the reception are all planned out to create the perfect feel at this beautiful venue.

Wedding season at Carie's Creek runs from May through the end of October. Spring and fall ceremonies are very popular and tend to book up very fast, mostly a year in advance. Early booking allows couples to make payments on the rental and the services provided by the Carie's Creek team. With the start of the 2019 season, Carie's Creek is offering unique packages to accommodate couples with different options to fit their needs. The list of packages consist of the following:

Quick & Easy - it is the smallest package and was created to give couples a beautiful place for their I do's and not have all the fuss of a big wedding.

The Intimate Package – this package was created for the couple that doesn't want too much of the big "to do", but still desires a hand full of family and friends to share their special moment. It comes with a few add-ons, a small cake and flowers for the couple. The couples are also allowed to have their choice of catering or delivery for a small family dinner gathering.

The Classic Package - is by far the most popular. It is a full-blown wedding/reception package providing all decorations, the latest trending props and more!

The Princess Package – is for those brides who only wish to express what they want with their wedding, yet not have to worry with any of the details. This includes everything you need for the big day except invitations and favors. These packages are designed to take the stress off the couple and their families so everyone can enjoy the festivities and not worry about decorating or cleanup. They can simply enjoy celebrating with family and friends.

Added Services: With assisting to provide wedding couple as much as possible, one has the option of using the add-on services provided by **KServices**. KServices includes an in-house DJ (booking only at Carie's Creek). DJ Craig does a wonderful job of coordinating the couples desired music and keeps the music schedule flowing on their big day!

Cake anyone? Keilan with KServices can also create a beautiful and delicious weddingcake to make the bride's vision come to life! Bottom line, when looking for a wedding venue, Carie's Creek is prepared to help you plan a beautiful romantic wedding that is reasonably priced; one that will be cherished for years and years to come. To inquire about details of each special package, visit their website at www.cariescreek.com and fill out the "request for information form" on the contact page.
