*Hospice of Wyandot County*

Patient and family first • 105 Houp Drive • Upper Sandusky

Hospice of Wyandot County is proud to be celebrating 30 years of compassionate care to our residents of Wyandot County.

Illustrated in our logo is our mission of "wrapping around" each patient and family; providing holistic, person-centered care to those facing a life-limiting illness or condition.

Our Hospice team offers expert medical care to keep patients comfortable and able

to enjoy time with loved ones. We answer questions, offer advice on what to expect and help families with the duties of being a caregiver. We provide emotional and spiritual support for the entire family, 24/7.

Our professional team is made up of local faces; many you already know and trust. Dependable, knowledgeable, ethical and genuine are some of our team-shared values. We enthusiastically "go the extra mile" for our patients, families and community.

Hospice of Wyandot County provides patient visits, medications and equipment needed to control the symptoms of a terminal illness, volunteer services and bereavement support. Hospice offers both home, facility and inpatient care. Medicare, Medicaid and some insurances are billed when available; but as an independent, not-for-profit organization, we welcome all patients in need of hospice care, regardless of ability to pay. We are blessed with generous community support, meaning

our patients and families never receive a bill from us!

Our exciting merge with Home Health allows the expansion of resources, services, and community outreach, in addition to current programs; "Bobby's Books," helping children's grief through literature; We Honor Veterans; Consider the Conversation, advance care-planning and Grief Support Group. We look forward to expanding community service!

Individually, Home Health of Wyandot County and Hospice of Wyandot County bring a long legacy of excellent and compassionate care. Joining together the Best Teams possible, and committed to providing holistic, patient-centered care assures both tradition and innovation. Health Services of Wyandot County is a member of Ohio Council for Home Care and Hospice (OCHCH), Leading Age Ohio, National Hospice and Palliative Care Organization (NHPCO), and Center to Advance Palliative Care (CAPC).
