4-H Camp offers youth educational summer fun

Summer is quickly approaching, and many students and their parents are making plans for summer break, some of which may include summer camp. If you enjoy making friends, being active and involved in a "jungle safari." 4-H camp could be a perfect summer activity for you. Our week of activities will center on our 2019 camping theme, Jungle Safari! Educational programs of the Cooperative Extension Service serve all people regardless of race, color, sex, religion, disability or national origin.

4-H camps are open to all Kentucky youth between the ages of 9 and 14 or any youth graduating out of the 3rd grade up to 14 years of age by June 3rd. Many exciting activities and adventures await campers. Students can spend their days participating in activities ranging from swimming to archery. Not only do many youth find these activities fun, but they will likely learn new skills and develop a greater appreciation for the environment and wildlife.
