

## Road work

R-H photo by Tom Mills

Green State Highway officials and state contractors lay asphalt on US 68 from the Northgate shopping center intersection to the Taylor County line Monday. The entire project took about two weeks.

## Town & Country Homemakers Club

## Market

From page 1B

4. Indulge in nutritious foods. The vivid colors and smells emanating from farmers' markets indicate just how fresh and nutritious the offerings tend to be. Farmers who peddle their wares at farmers' markets adhere to careful farming methods to ensure their foods are as nutritious as possible.

5. Learn secrets and recipes. In addition to fresh produce, farmers' markets may offer baked and other prepared goods. Shopkeepers often mingle with their customers, offering trade secrets and recipe ideas. Additionally, local farm families supported by farmers' markets generally offer supreme customer service to keep shoppers coming back week after week.

6. Turn the trip into a social excursion. A farmers' market can be an exciting and flavorful social gathering place for families and groups of friends, as well as a great place to meet other members of the community. Sometimes farmers also mingle with local artisans, so the market can be a one-stop-shopping locale for locally produced

food and art.

7. Save money. Farmers' markets may sell organic produce at a cost comparable or even lower than other retailers. That's because local farmers don't have to transport their items as far as retailers whose foods were shipped from far away places.

Any time of the year is perfect for grabbing a tote bag and browsing the wares at a nearby farmers' market, where shoppers are bound to find something fresh, unique and delicious.

The Green County Farmers' Market is open every Thursday from 3 p.m. to 5:30 p.m. CT through October 24 at American Legion Park under the pavilion.
