

# Fire Prevention Week Oct. 6-12

# Thank a Fireman this week and every week

For their courage and dedication, we salute all the firefighters and offer our sincere thanks!

## Fire Safety Starts With You!

### LOOK

Look for places fire could start. Take a good look around your home. Identify potential fire hazards and take care of them.

### LISTEN

Listen for the sound of the smoke alarm. You could have only minutes to escape safely once the smoke alarm sounds. Go to your outside meeting place, which should be a safe distance from the home and where everyone should know to meet.

### LEARN

Learn two ways out of every room and make sure all doors and windows leading outside open easily and are free of clutter.
