

Photos with Santa and Mrs. Claus will be taken at GCPS Friday and Saturday.

# Santa & Mrs. Claus at GCPS Dec. 6 for photos

Green County Primary School PTO will have a Santa photo fundraiser Dec. 6.

The event will be held Friday, Dec. 6 from 4 to 8 p.m. CT at the school.

Children may visit the famous couple and tell them their Christmas wishes.

Professional photos with Santa and Mrs. Claus will be taken and printed onsite with a variety of photo packages available.

Cookies and milk will also be served for children visiting the

special Christmas pair. Quality photos will be taken by Hedgespeth Photography.

Packages available include: Pkg. 1 – 1-5x7, \$10; Pkg. 2 – 3-5x7s, \$20; Pkg. 3 – 1-8x10, 2-5x7, 8 wallets, \$30; Digital Image – One child \$20, each additional child is \$5.

For more information about the event, contact Crystal Cecil at 270-405-6199.

The event is a fundraiser for the GCPS PTO and funds will benefit the students directly.

# Campbellsville University will graduate 1155 in December ceremonies

**SCARLETT BIRGE**  
STUDENT WRITER

# Quarles urges college students to apply for KDA internships

Agriculture Commissioner Ryan Quarles encourages Kentucky college students seeking a career in agriculture or government to apply for positions in the Kentucky Department of Agriculture's (KDA's) internship program for the summer of 2020.

"A KDA internship gives a young person the opportunity to work alongside department employees and serve the citizens of the Commonwealth," Commissioner Quarles said.

"Our past interns used their experience at the department to launch careers in agriculture or an ag-related field. Some have even come back to the KDA to enter public service. If you are a college student with an interest in an agricultural career, we look forward to reviewing your application."

In addition to agriculture, KDA interns may work in education, computer science, marketing, communications, pre-law, and other fields. Internships

will run from June to August.

Applicants must be currently enrolled in a college, university, or vocational-technical program. Applicants can be enrolled in either undergraduate or graduate school.

To apply, download the application on the KDA's website at [kyagr.com/marketing/internship-program.html](http://kyagr.com/marketing/internship-program.html) and fill it out. Applicants must provide a résumé, cover letter, and three references. Applications

and attachments must be emailed to [mark.white@ky.gov](mailto:mark.white@ky.gov) or mailed to Mark White, director, Division of Human Resources, Kentucky Department of Agriculture, 107 Corporate Drive, Frankfort, KY 40601. Applications must be postmarked no later than December 16.

For information, visit [kyagr.com/marketing/internship-program.html](http://kyagr.com/marketing/internship-program.html) or contact Mark White at (502) 782-0291 or [mark.white@ky.gov](mailto:mark.white@ky.gov).

# Campbellsville University holds largest pinning ceremony for technical graduates

**CHOSALIN MORALES**  
STUDENT WRITER  
CAMPBELLVILLE UNIV.

"You are the future of tomorrow. Campbellsville University is proud of each and every one of you today," Jason Roop, director of the Campbellsville University Virginia Panser Flanagan Technology Training Center, said.

The Technology Training Center held its largest pinning ceremony on Oct. 27, honoring 206 graduates at the ceremony at the university's Ransdell Chapel.

The Technology Training Center started in the winter of 2001 and held its first pinning ceremony in 2011. At least 14,000 students have come through the programs offered through the center.

"Technical education is the future," Roop said. "As of today, we have over 500 students enrolled through the Technology Training Center programs."

Roop said Campbellsville University is committed to provide technical education with a Christ-centered relationship.

Allied Health certificates are offered

in Medical Assisting, Phlebotomy, Pharmacy Technician and Professional Coding. The Technology Training Center also provides certificates in Cosmetology, Barbering and Welding.

Christie Minor, director of allied health, introduced the 15 graduates from the Medical Billing and Coding program, the 42 graduates from the Phlebotomy program, the 74 from the Medical Assistant program and the three graduates from the Pharmacy Technician program.

"Let your light shine and that you [graduates] become successful in all you do," Nikki Edwards, cosmetology and barbering curriculum coordinator, said. Edwards presented the certificates to the 46 Cosmetology graduates, 7 Apprentice Instructor Graduates and 18 Barbering graduates.

Welding held its first pinning ceremony with Chris King, director of welding, presenting the Welding graduates.

In special memory of Tim Bland, who started the Barbering program in 2018, his parents, Doug and Ranae Bland, received their son's

Barbering certificate of completion.

"Timothy always had a smile and was always positive and was a very bright and smart young man," Roop said. "Timothy loved Barbering and was good at it."

Roop said Tim was in the program for a year, when Doug and Ranae Bland suffered the loss of their son. "Tim completed over 1,000 hours of his Barbering program. You need 1,500 hours, and Tim was so close to the finish line. Tonight, he crosses that finish line," Roop said.

Chris King, welding director, presented the late Maurice Hayes' family with a Campbellsville University memorial blanket and an "in memory of" certificate and frame from the Technology Training Center. The blanket was draped over a front row seat for him at graduation.

King told the audience about their time with Maurice in the welding program and how his loss had affected all who had known him.

Maurice graduated from the Harrodsburg welding program in December 2018 and died in January 2019.

Campbellsville Uni-

versity is a widely acclaimed Kentucky-based Christian university with more than 14,000 students offering over 100 programs of study including Ph.D., master, baccalaureate, associate, pre-professional and certification programs. The university has Kentucky based off-campus centers in Louisville, Harrodsburg, Somerset, Hodgenville and Liberty with instructional sites in Elizabethtown, Owensboro and Summersville. Out-of-state centers include two in California at Los Angeles and Lathrop, located in the San Francisco Bay region. The website for complete information is [www.campbellsville.edu](http://www.campbellsville.edu).

Campbellsville University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates, associate, baccalaureate, masters and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the status of Campbellsville University.
