

A letter from Superintendent Dr. Carlton Wilson

Welcome back for the start of the 2019-20 school year! At all school sites, staff are busy with preparations for the new school year. Some of our campuses have seen renovations and new construction over the summer. Our three elementary schools are welcoming over 275 kindergarteners and Pickens High will welcome one of its largest senior classes with 322 students. Pickens County School District will also welcome new staff members throughout the district.

As we look ahead, I believe this will be a great year for our system. I know that we have committed and capable teachers and leaders in every school. Our staff works purposefully each day to support and nurture students, and I am committed to partnering with teachers, staff, and lead-

ers as they strive to provide quality daily learning experiences for students.

I always find inspiration in seeing and hearing about the great things our students do from performing on stage in a One-Act play to scoring a three-point shot at the buzzer to win the game to demonstrating their intelligence by achieving high scores on the SAT. We are fortunate to live in a community that supports our students and schools in all areas- agriculture, sports, business, technology, and fine arts.

Our students embody the hope of tomorrow, and they count on the adults who work with them to be their best and give their best. I know I speak for the entire Board of Education and our staff when I say we are committed to improving the work we do to ensure that our students continue to grow and learn.

I invite you to become involved in your child's school. Take every opportunity to volunteer. We are here

Dr. Carlton Wilson

BUHL ORTHODONTICS

Richard F. Buhl, D.D.S.
Specialist in Orthodontics

We recommend
an evaluation from age 8-10.

**If you have not had your
child evaluated please
give us a call for a
Free Consultation.**
