

Bellevue Christian Academy Holds Outdoor Field Day

By: Shannon Love

Friday, March 15, Bellevue Christian Academy held an 'Outdoor Field Day' at the school.

This day provided an excellent opportunity for the children to have a free day in the field with their classmates and teachers.

Teachers and volunteers alike had stations with water games, relay races and other contests for the children to participate in or they could just hang out and relax in the sun, which was a whopping 84 degrees.

The 'Outdoor Field Day' has been an annual event at Bellevue Christian Academy for decades.

Elizabeth made a itty bitty water balloon.

Human Basketball

This team was having fun taking turns throwing the basketballs into the nets while the teachers and volunteers were holding the nets, and yes the nets were moving.

Clothing Relay Race

This team had to put on a pair of pants and a button up shirt (without help) and run across the field and back and switch off to the next teammate. The team to finish first wins the race.

Waiting With Friends

Olivia, Adrianna, Hayden and Emallee wait in line for their turn in the relay race.

Taking A Break

These four boys were taking a much deserved break in the warm sun.

(Above)

Jonathan and Mario are being big helpers by cleaning up their area and rinsing out the sponges and buckets before going in for lunch.

(On Right)

Evan and his team were the First Place winners in their game. They had to fill a bucket with water using only a sponge.
