the Star Following

Suppose you could give a gift to Christ, what would it be? How could you possibly select a gift for the One who not only has everything, but who made everything?

The Wise Men did. They can be an example to us. In addition to the gold, frankincense, and myrrh, they gave the Savior some gifts we can give him today: their hope, their time, and their worship. The wandering wise men gave Jesus their hope. When everyone else saw a night sky, this small band of men saw the light. The sight of the star sparked a desire in their hearts that send them packing. They went, seeking

When night comes to your world, what do you see? The darkness or the stars? Hopelessness or hopefulness? Sometimes, just as he did so long ago, God uses the darkness to reveal his stars-"The light shines in the darkness" (John 1:5). Give God your hope for Christmas.

THURSDAY,

While you're giving, give God your time. The wise men did. Before they gave God their presents, they gave their presence. It's likely that these men traveled as long as two years before locating the prince of heaven. Before that one incredible moment when they knelt before Jesus, the wise men spent many moments, months, perhaps years searching, in anticipation of that meeting. Just as the wise men devoted themselves to seeking the Savior. so can you: "You will seek him and find him when you seek him with all your heart" (Duet. 4:29).

And when they did find him, the wise men gave Jesus another gift: their worship. Men of wealth, influence, and intellect: what did they do when they saw Jesus? "...they fell down and worshiped him" (Matt. 2:11) Worship. It's a gift that extends to the giver as well. Through worship, we come to see God more clearly. God invites us, through worship, to see his face so he can change ours.

2019

2,

MAY

In worship, we simply stand before God with a prepared and willing heart and let God do his work. And he does. He wipes away the tears. He mops away the perspiration. He softens our furrowed brows. He touches our cheeks. He changes our faces as we worship. The wise men sought the child of God, just as God seeks his children. "The Father is actively seeking such people to worship him" (John 4:23).

The gifts of hope, time, and worship. Three gifts the wise still give.

From One Incredible Moment: Celebrating the Majesty of the Manger.

* Most recent sample. No sample required for 2018.

We are required to monitor your drinking water for specific contaminants on a monthly basis. Results of reg indicator of whether or not our drinking water meets health standards. We did complete the monitoring requirer sampling that showed one sample with coliform present. There were no bacteria in the resamples.

If present, elevated levels of fead can cause serious health problems, especially for pregnant women and y drinking water is primarily from materials and components associated with service lines and home plumbing responsible for providing high quality drinking water, but cannot control the variety of materials used in plumb your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is Drinking Water Holline or at http://www.eps.gov/astewater/lead. The likesissippi State Department of Health Pi offers lead testing. Please contact 601.578.7582 if you wish to have your water tested.

All sources of drinking water are subject to potential contamination by substances that are naturally occ substances can be microbes, inorganic or organic chemicals and radioactive substances. All drinking wa may reasonably be expected to contain at least strand amounts of some contaminants. The presence necessarily indicate that the water poses a health risk. More information about contaminants and pol obtained by calling the Environmental Protection Agency's Sate Drinking Water Holline at 10.04.26.7473.

me people may be more vulnerable to contaminants in drinking water than the general population. Immuno h as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, per en immune system disorders, some elder), and inflantis can be particularly at risk from rifections. These pec sut drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen topsporidium and other microbiological contaminants are available from the Sale Drinking Water Hotins 1.26

The Sweethome Water and Sewer District works around the clock to provide top quality water to every tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.
