

WEST REPORT

by
West Civic Club

This past week the engineering company has started filling holes and getting the streets of West ready for some new topping. While we are traveling different routes than usual we will all enjoy not having potholes.

The West Civic Club met this past Wednesday for the first of its meetings on the

preparations for the BIG BLACK RIVER FESTIVAL, coming on September 14, 2019, downtown West. It is early but, it takes a lot of planning, decisions to be made as to how we can improve on the past years. For vendors, it is never too early to start planning on attending and getting wares ready.

We are sorry to hear of the passing of Mrs. Horrace Bouchillion several weeks ago. Our condolences go out to the family.

The West Library summer program for kids was a visit here in town of some different types of animals. The kids and the big kids, always enjoy seeing these animals; this may be the only opportunity they get to see the various animals. Thank you to the library summer program for taking this opportunity to share.

The town of West would like to officially welcome the Justin Harrell family.

Dr. Arenia C. Mallory Community Health Center, Inc. (Mallory CHC) is currently accepting applications for the following positions:

LPN (LICENSED PRACTICAL NURSE)

POSITION SUMMARY:

The LPN functions under the supervision and guidance of the Nursing Supervisor and participates in the multi-disciplinary process of providing care and treatment to patients and provides clinical support and technical assistance to the professional medical and other staff. Individual must be able to manage demanding workload with accuracy. Position requires excellent customer service skills with patients, and their families, other staff, physicians, vendors, and the public. At Mallory Community Health Center, LPNs treat patients of all ages. Their tasks might include giving immunizations to children; performing routine lab tests on an elderly man; or assisting a doctor with a pelvic examination on a pregnant woman. Additional tasks include, but are not limited to:

Triage

LPNs are expected to perform triage functions, either in person or on the telephone. Triage is a process used to determine priority of care. The triage nurse must assess the patient, determine whether he needs to be seen and obtain care for him. In some cases, the triage nurse might determine that the patient should receive emergency treatment or that he should be transferred to a hospital. Triage nurses usually work with physicians or RNs to ensure safety and proper care for patients.

Physician Support

One important role for LPNs in an outpatient clinic is to support the physician. An LPN might be responsible for collecting equipment for a procedure; assisting during the procedure or examination; and cleaning up afterward. In addition, the LPN is often responsible for collecting specimens, such as urine, or performing phlebotomy duties to obtain blood for lab tests. The LPN might also keep the exam room stocked with supplies or make referrals for diagnostic tests and other care outside of the clinic.
