# COUNTRY VIEW ACRES

*by Bobbie Overshon*

A long-time dream of Bob and Mary Cardin was to open a campground and in 1980, that dream was realized. Bob and Mary ran the campground until seven years ago when it was taken over by their sons, Larry and Ed Cardin. Chuck and Joyce Cassidy also help with the managing of the campground as needed.

The campground is mainly for members who pay a fee each year and can set up their campers or tents. Electricity and water are available; sewer hook-up is not available, but there is a dump station on location. The Cardins also have a shower house for campers' convenience. Many non-members avail themselves of the facilities for overnight, a day or two, or a week-end at temporary hook-up sites. There is fishing access and a boat ramp.

"We love this area because it offers a nice, quiet getaway with a lot of shade trees throughout", commented Larry.

For many years, float trips were conducted, but there are neither boats nor canoes available for rent any longer. If you don't want to cook inside your camper, there are numerous places for campfires.

The campground opens on or about May 1st each spring and closes in mid-October. There are no facilities in the wintertime as everything is drained and winterized. The ramp is available for access to gigging and fishing, however.

The campground is located at 14750 Cliff Road. Take Highway 28 to Highway PP. Follow highway to its end where you will hit gravel. Continue one the gravel road for 1 and ½ miles and you are there. For more information or to make a reservation, call Larry Cardin at 573-759-7555 and leave a message, or (cell) 573-336-1790.
