Cardin's Lake

Outdoor enthusiasts will enjoy a quiet, relaxing day fishing at Cardin's Lake located south of Dixon off of D Highway on Colorado Road. The lake was originally built in 1959. When owner Clyde Dickens became ill, he sold the lake and 100 acres of property to Jim and Janet Cardin in 1964. Thus, the site became known to area residents as Cardin's Lake.

Over the years the Cardins have had annual hog roasts, fall church hot dog roasts, reunions, family picnics, weddings, baby showers, and retirement parties at the lake where the pavilion is available for gatherings.

Sadly, Janet Cardin passed from this world in August of 2014, and Jim now maintains the lake facilities.

Fishermen can attempt to catch crappie, bluegill, channel catfish and bass from the lake. Most recently a 10-pound bass was caught in the lake and mounted by the proud owner. He said the bigger one got away!

Cardin's Lake is located 3/4 mile south of D Highway at 14250 Colorado Road. For information you can call 573-759-6664.
