Potato Days Parade
Street Dance

Head To The Clay County Fair, All Will Be There

CONTINUED FROM PAGE 7C

After walking through the exhibits, relax in the cool shade of the band shelter. It is a haven for a variety of free entertainment over the four-day fair. People of all ages can enjoy a talent contest, music concerts, a 4-H style show, and awards ceremonies.

Among the free acts at the 2019 Clay County Fair will be the Red Letter Band, Sherwin Linton and magician Tom Anderson.

Many vendors will be located under the grandstand displaying and selling their wares.

Stop by the one-room school house to get a glimpse of what it was like to be educated in such a school. While there, one can

participate in an old-fashioned spelling bee.

The FFA Barnyard is delightful and educational for youngsters as they get a chance to see and pet farm animals.

Come and see vintage farm equipment during the tractor parade.

Activities for children, ranging from a bike giveaway

to the nickel scramble to a pedal pull, will be in full swing over the course of the fair.

The Clay County Fair Board works hard to provide an outstanding fair for the county. Barnesville is proud to be the location for this great event.

The Clay County Fair is proud of its long, ongoing history promoting agricultural products,

talents and events. This summer, grab family and friends and head to the fair.

The fair is a great place to socialize with friends, play some bingo or indulge in great treats.

Make it a special occasion. Get the family together and plan to attend the Clay County Fair July 11, 12, 13 and 14. There's something for everyone at the

Clay County Fair.

Times and dates for the many fair related events will be published in the fair premium book and the fair tabloid distributed by mail later this spring.

Watch Clay County newspapers for updated information on the Clay County Fair over the next few weeks.

Local 4-H youth are showing their pigs at the Clay County Fair. Many hours of preparation go into getting an animal ready to show at the fair. It takes dedication on the part of the 4-Hers and their family. Plan to come to the fair July 11-14 and support the 4-H youth who have worked so hard to exhibit a craft, talent, food or animal.

CREATING VALUE THROUGH INNOVATION

Lake Region Electric Cooperative continually finds solutions that create more value for our members—both in the way we do business and the services we offer.

From advanced electric system reliability programs to renewable energy offerings, web based consumer energy information to the recent launch of LRES natural gas service, we create cooperative value through innovation.
