Home Equity Line Of Credit

any customers come into our office with a vision. These visions are life enhancements that include buying a vehicle, starting a business, purchasing equipment, making home improvements, consolidating debt, paying tuition—you name it.

As we talk about ways to finance their vision, there is something our customers often overlook: available equity in their home. Once I tell a customer about this, I often get the same response, "I can really buy a vehicle using my house?"

My answer? "YES, and in some cases it makes more financial sense to do so."

Having worked for Midwest Bank for over 10 years, I am proud to say that banking with us is truly "Banking Your Way." Our home equity line of credit (HELOC) is one of the many ways we can show you how providing the right product that fits your needs is quite simply "Banking Your Way."

Our HELOC offers flexibility in repayment, your choice in a fixed or variable rate, and no fees if the loan amount is \$50,000 or less. Midwest Bank is proud to stand for a "more free, less fee" concept of banking, so we also have no prepayment penalties.

We want our customers to achieve financial success, and one way we can be of service to them is to structure loans that fit their particular needs.

As a long-time Midwest Bank employee, being able to build relationships with my customers simply by being a resource is one the most rewarding aspects of my job. I'd love to hear more about your situation over a cup of coffee.

From a hometown bank that's so much more. Lending for agriculture, business, and home. Let Aubree Martinez, Loan Officer in the Barnesville Branch, be your resource. Call today at 218 354-2704.
