REGULAR AGENDA

Tax-Forfeiture City Lot Sale Update: Auditor/Treasurer Heather Olson updated the Commissioners on the tax-forfeiture land sales. There were 38 lots sold for a total of \$36,900.00. The City of Staples purchased 14 lots prior to the sale. There are 28 lots remaining that are for sale over the counter at the Treasurer's Office. These will have signs posted on them with the information on how to purchase them. Missy Lund was thanked for all the work that she did to get this land sale done.

Park Budget Amendment: Deana Malone was present to ask for a budget amendment to do some promotional items for the Parks. Moved by Commissioner Hofer, seconded by Commissioner Horsager to move \$1800.00 from the line item 6177 for Unemployment to line item 6240 Advertising and Legal Notices in the Parks approved budget for 2019 to purchase promotional items for the Parks. Motion carried unanimously.

Resolution to Amend Zoning Ordinance 1 Section 25E: Deana Malone presented the changes to Zoning Ordinance #1, Section 25E, as it pertains to the Procedures of the Board of Adjustment. These changes require the land owner to provide a legal description of the parcels and all other information requested for a variance within 36 months of the public hearing. Moved by Commissioner Horsager, seconded by Commissioner Kangas to approve the following resolution:

RESOLUTION TO AMEND THE ZONING ORDINANCE #1

Commissioner Horsager moved that the following resolution be adopted:

RESOLVED: That the County Board orders the amendment of the Zoning Ordinance No. 1 as follows:

- Change to read as follows:

Section 25 E. Board of Adjustment - Provisions

4. Nothing shall prevent the Board of Adjustment from revoking a Variance Order when no action has been taken to complete the proposal requested in the application for Variance. (Added May 3, 2016)

a. A Variance granted by the Board of Adjustment may be revoked if no action has been taken to complete the proposal requested in the application for Variance within a period of thirty-six (36) months from the date of the public hearing in which the Variance was heard and granted.

b. The property owner will be notified of the pending revocation and have a period of ten (10) days to show written proof to the Planning & Zoning Department that action to complete the proposal requested in the Variance application has been taken. If written proof is provided, the Zoning Administrator may allow an extension up to 12 months for action on the Variance. If no written proof is provided, the Board of Adjustment may order the revocation of the Variance Order from the property at a fully noticed public hearing.

c. The Order for Revocation will be recorded in the Office of the County Recorder and will include the legal description of the property.

d. It is the responsibility of the applicant to provide any information required to record the Variance Order once a variance has been granted. In the event, the applicant has not provided said information within the 36 month period referenced in item 4.a. above, and additionally, no action has been taken by the applicant to begin the project described in the application, steps as described in 4.b. above shall be followed except that no Order of Revocation shall be recorded. The application shall be considered null and void due to inaction of the property owner, and for failure to fully comply with the conditions or requirements as provided by the Board of Adjustment.

Commissioner Kangas seconded the motion and the same carried unanimously.

THE WADENA COUNTY BOARD OF COMMISSIONERS

IN TESTIMONY WHEREOF THE WADENA COUNTY BOARD OF COMMISSIONERS has caused this resolution to be adopted this 7th day of May, 2019.

Conditional Use Permit for Duininnk Inc. for Gravel Extraction, Storage, & Hot Mix Plant Operation: Deana Malone presented the recommendation for granting the Conditional Use Permit to Duininnk Inc. Moved by Commissioner Horsager, seconded by Commissioner Monson to approve the following resolution granting the Conditional Use Permit to Duininnk, Inc.:

Wadena County Board of Commissioners A Resolution Establishing a Conditional Use

WHEREAS, Duininnk, Inc., has made an application for Conditional Use to allow mining and processing of gravel and granular material, and periodic operation of a hot-mix asphalt plant, including all related stockpiling, on the property described as follows: That part of the NW 1/4 of Section 29, Township 135 North, Range 34 West, Wadena County, Minnesota, described as follows: Commencing at the Northeast corner of said NW 1/4 of Section 29; thence on an assumed bearing of South along the East line of said NW 1/4 of Section 29 for a distance of 1021.89 feet to the point of beginning of the tract herein described; thence S 89° 13' 06" W, a distance of 901.65 feet; thence South, a distance of 1456.66 feet; thence S 89° 18' 55" E, a distance of 379.54 feet; thence South, a distance of 50 feet; thence S 89° 18' 55" E, a distance of 672.09 feet to the East line of said NW 1/4 of Section 29; thence North along said East line of said tract, a distance 1533.58 feet to the point of beginning. Wing River Township, located in an A-3 General Agriculture District and having a PID# 15.029.2020

WHEREAS, this use may be allowed in the specified Zoning District as a Conditional Use according to Section 8, C, of the Wadena County Zoning Ordinance #1;

WHEREAS, a fully noticed Public Hearing was held on the application on Thursday, April 18, 2019, at the Wadena County Courthouse at 7:00 p.m., and

WHEREAS, the Planning Commission did due diligence in hearing the application and have made a recommendation to the Wadena County Board of Commissioners to approve the application with the following Findings of Fact:

1. The requested use will be compatible with the surrounding area because it is already in existence and there has been a pit next door as well and this one has been in operation for quite some time.

2. The requested use will not significantly depreciate nearby properties because it is already there and will continue to use the existing pond that will get bigger in the future.

3. The establishment of the requested use will not impede the normal and orderly development and improvement of surrounding vacant property for use predominant in the area because it does develop the property rather than impede it and is another use of what is some very marginal agriculture land and mining is a resource.

4. There are adequate utilities, access roads, drainage and other necessary facilities being provided; because they are not changing the existing road that they have been using so it would be adequate. No complaints have been received in the past during their mining and being on a township road, no concerns have been received from the township as they were notified of this public hearing.

5. Adequate measures have been taken or will be taken to provide off street/road parking and loading space to serve the proposed use because they have been using this in the past and have had no issues with loading or parking so adequate measures have been taken. The area has plenty of room for trucks loading and unloading.

6. Adequate measures are in place to prevent or control offensive odor, fumes, dust, noise, and vibration so as not to constitute a nuisance, and measures taken to control lighted signs or other lights in such a manner that no disturbance to neighboring properties will result because no complaints have been received regarding dust or noise and Mr. Ver Steeg said they would take any measures necessary to control the dust, and noise will be addressed in the conditions of the permit.

7. The requested use is consistent with the Wadena County Land Use Control Ordinance; because it is a permitted use with a Conditional Use Permit according to the Ordinance.

8. The requested use is not in conflict with the Wadena County Comprehensive Plan because we want to promote business and employment in rural Wadena County areas.

NOW, THEREFORE BE IT RESOLVED, the Wadena County Board of Commissioners approve the recommendation of the Planning Commission for issuance of the Conditional Use Permit for **Duininnk, Inc.** to allow mining and processing of gravel and granular material, and periodic operation of a hot-mix asphalt plant, including all related stockpiling, with the following conditions: regarding the hours of operation which will be Monday thru Friday 6:30 a.m. – 8:00 p.m., Saturday 6:30 a.m. – 2:00 p.m. and no work on Sunday. Also, the information that was submitted with the application packet that addressed all the requirements of the ordinance would become conditions of the permit.

Motion carried unanimously.

REGULAR AGENDA:

Central Minnesota Council on Aging Annual Update: Lori Vrolson, Executive Director for the Central Minnesota Council on Aging, was present to give the annual update. She explained that they provide services to help keep the elderly in their own home for as long as possible. They are trying to reach the lower income 65+ citizens that need services that will assist with keeping them in their homes. They are looking for assistive transportation services to be added in the Wadena County area. Currently 23% of the population in Wadena County is 65+ which is above the state average of 17%. This older population is expected to increase in the next 10 years. Lori was thanked for the report and the work that the Central Minnesota Council on Aging does within Wadena County.

Classification of Administrative Assistant/Accountant Sheriff's Department: Ryan Odden presented the request to move Missy Peterson from Grade 52, Step 7 to Grade 54, Step 3 as the classification by DDA recommended. Moved by Commissioner Hofer, seconded by Commissioner Monson to approve the new job description for the Administrative Assistant/Accountant in Sheriff's Department to be at grade 54 effective May 11, 2019 and that Missy Peterson be placed on Grade 54, Step 3, \$23.34 per hour on that date. Motion carried unanimously.

Upper Level Remodel Furniture Quote: David Hotchkiss was present to show the quote for the furniture for the two upstairs conference rooms. He also showed the electronic room scheduling option that would be available. Moved by Commissioner Monson, seconded by Commissioner Horsager to approve the purchase of the furniture for the upstairs conference rooms at \$3,293.20 and up to additional \$200.00 to add small windows to the doors. Motion carried unanimously.

Purchase of New Payroll/HR Software: Heather Olson and Dave Hotchkiss presented the recommendation to purchase Paycomm payroll software for use in the county. The cost is around \$31,026.32/yr (\$139.32 per employee) for the county. We will not be in a contract with this company and could leave at any time. There is a one-time implementation fee of \$4,000.00. Moved by Commissioner Kangas, seconded by Commissioner Hofer to approve the purchase of Paycomm payroll software at \$31,026.32 (this will be a variable amount based on number of employees.) Motion carried unanimously. Moved by Commissioner Kangas, seconded by Commissioner Horsager to approve the \$4,000.00 implementation fee for the Paycomm software. Motion carried unanimously.

A break was taken at 10:01 am. Meeting reconvened at 10:11 am.

Summary of Closed Meeting for Employee Performance Evaluation – County Engineer/Coordinator: Commissioner Stearns read the employee performance evaluation for County Engineer/Coordinator.

The Annual Performance Review of the Coordinator/County Engineer occurred in closed session on May 7, 2019, pursuant to statute the summary will be given at the next board meeting. The employee provided the board with a self-evaluation relating to both the Engineer duties and the Coordinator duties. Engineer: the broad consciences is that the employee highly meets and exceeds expectations of the Engineer duties and is highly effective in this role. The department is established, has clear goals and project timelines and a staff to manage and deliver efficient services. Coordinator: the board consciences is that the employee meets the expectations of the job and is effective in this role. The employee identified needs related to job performance. Specifically, completing tasks or being timely with tasks is an area of improvement and is related to the time of the shared allocation between the duties of Engineer and Coordinator. The board has established a time share allocation of 40% Coordinator and 60% Engineer. The time accounted for by the employee over the past year indicated that 50.24% of the time was spent on Coordinator duties and 49.76% of the time was spent on Engineer duties. This time allocation indicates that more time was spent on the Coordinator role and the employee acknowledges that it is still not enough time to get the essential duties of the job completed and or timely completed. The employee expressed a need and want for training related to the Coordinator duties, but again due to the time of allocation issues, there isn't any time to engage in training opportunities. The employee indicated that he believes that both positions are full time positions; County Engineer and Coordinator and a shared role of one FTE indicates that this is not sustainable. It is not a sustainable business model. There was discussion of how to accomplish necessary duties of Engineer and Coordinator going forward and the expectations for Ryan Odden related to both of these roles. The Board consciences is to have the prorated time share adjusted so that 70% of the time will be spent as Coordinator and 30% as Engineer. The broader consciences by the board is that there will be a work session within the next year to examine reorganizational issues to include the efficiencies of duties of the shared role of both Coordinator and County Engineer as one topic of that work session.

Moved by Commissioner Hofer, seconded by Commissioner Horsager to allocate Ryan Odden's time starting with the June 8th payroll to 70% Coordinator and 30% Engineer. The board further moves that we will meet to further discuss the roles within the next year.

In the interim the Board further directs that the position of the HR Director not be filled and that Ryan Odden will direct and supervise the work in that Department and that he uses the office in that department when he is in the courthouse.

Ryan to be able to contract out professional engineering work to a qualified professional engineer on a part time and "as needed" basis. Motion carried unanimously.

Closed Session for Negotiation Strategy: Meeting was closed at 10:17 am for negotiation strategy. Meeting reopened at 10:26 am.

Closed Session to Develop or Consider Offers or Counteroffers for the Purchase or Sale of Real or Personal Property at 400 Ash Ave, NW, Wadena, MN 56482 and 1721 US Hwy 71, Wadena, MN 56482: Meeting closed at 10:27 for the above listed real estate offers. Meeting reopened at 11:14 am.

COMMISSIONER REPORTS:

Commissioner Monson: 5/9 Court Coordination, 5/9 Tri-County Master Plan, 5/9 Shipp TSC at Public Health, 5/13 Todd Wadena Community Corrections, 5/14 Board Meeting.

Commissioner Horsager: 5/8 Central Minnesota Council on Aging, 5/9 Trauma Informed Care Meeting, 5/9 Tri-County Master Planning, 5/9 Economic Alliance, 5/14 Board Meeting.

Commissioner Kangas: 5/8 Meeting with Ryan and Lakewood Health Systems, 5/9 HS Liaison Meeting with Tanya and Ryan, 5/14 Board Meeting.

Commissioner Hofer: 5/8 Economic Alliance, 5/8 Old Wadena Board, 5/13 Todd Wadena Community Corrections, 5/14 Board Meeting.

Commissioner Stearns: 5/9 Annual Alliance Meeting, 5/14 Board Meeting.

Moved by Commissioner Monson, seconded by Commissioner Hofer to adjourn the meeting at 11:32 am. Motion carried unanimously.
