

Sunday Sundown Concert – Fireworks Spectacular

Free concert, Sunday, September 1

The Return show consists of two sets... First set is the early Beatles Music and second set is from the SGT Peppers era. Both sets include costuming and music from the appropriate era.

Concert goers can experience a sense of nostalgia at Sunday's Sundown concert at the Tennessee Soybean Festival as the 60s are celebrated with The Return Beatles Tribute Band.

Concert goers are encouraged to dress in their favorite look from the 60s and can expect to get some free 60s themed swag at the show

There will be a Twist Dance Off contest for adults

with prizes for winners and a hula hoop contest for young-er concert goers

Project 731 will have official "Soybean Fields Forever" tees for sale in advance of the event to commemorate the event. The design will be released in August and can be

purchased at Project731.org by Aug. 27 to be here in time for the show.
