

The Makers Faire - Monday, September 2

The Tennessee Soybean Festival invites you to come and witness feats of human ingenuity, creativity and talent! A Faire that will spark your curiosity, your creativity and your community pride! We welcome you to the 2019 Makers Faire! This year marks the third year of the Faire; patrons and participants from last year are excited to make this faire an even bigger and better event than last year!

The word faire is a French verb and it means "to make" or "to do." This is exactly what this event is about! All participants in this faire

will bring items to display, sell and demonstrate. Those items have all been made with the artisans' hands. All of your senses will be engaged. White Bear Services, a local DJ and sound engineer, will provide fun and family friendly music and have your mind blown away by the South's very own illusionist, Bentley Burns. You can touch and smell each handmade curiosity. View the work of local artists and maybe even some engineers. You may even see a few robots and scientific wonders. This year's Faire is on Sept. 2 from noon until 7 p.m.
