course, figure into the mix. “Our district is highly competitive year in and year out,” Coach Martinez said. “The games are close across the board. Most games come down to one play and we lost three district games that we could have just as easily won last year. “It all came down to a dropped pass, defensive score called back, and a penalty that negated the winning score. We

expect to be on the flip side of those events this year. This district has good, well-coached ball clubs.” “It will take time to gel and become a smooth running machine but we are excited about the possibilities,” Martinez said. “Our kids are adapting to it and learning every day. It was probably a shock to them at first but they are working hard and getting better everyday.”
