

# An ultimate distinction!

## Class of 2020 adds nine to school's Hall of Fame

From Staff Reports

The Class of 2020 has countless accomplishments for which its members should be proud. Many of their high school memories will fade with time, even some of the unfortunate details surrounding their final days on campus.

But, for nine members of the GCHS Class of 2020, one distinction will be permanently engrained at the school and that is their induction into the GCHS Hall of Fame.

Hannah Carol Brockway, John Cameron Dunnam, Lakyn Michelle Edwards, Olivia Pauline Eubanks, Jaren DeLane Green, William Grant Keys, Dylan Thomas Miller, Abigail Grace Smith and Gabrielle Raket Taylor are the members of the Class of 2020 selected for this prestigious honor.

To follow is information on each new inductee provided by the GCHS yearbook staff:

### OLIVIA EUBANKS

Olivia Eubanks. What can you say? If the doors were open at GCHS, Olivia was there. She has been involved in countless sport teams, clubs, and extra curricular activities. Her dedication to the Wildcat Nation has made Greene County High School a better place.

You would think that being so involved would make her less passionate about whatever task she was working on, but Olivia has remained passionate throughout all her endeavors. In addition to her impact on extra curricular activities, Olivia has also maintained a 4.0 GPA and will finish in the top 10 of her class.

### GABBY TAYLOR

Gabrielle Taylor is the definition of class. Her time as a Wildcat could never be summed up in a few sentences. She walked the hall of GCHS with grace and integrity. Gabby is well respected by both her teachers and fellow students. She has been involved in multiple sports and organizations. She is truly an example of what a Wildcat should strive to be. Gabby has a bright future, and we know wherever life may take her, grace and class will lead her steps.
