

Kindergarten...

Moving on up! Kindergarteners have made it through the first year of their journey to high school graduation and beyond. It was an exciting time for them. They learned lots of new things and met lots of new people. They got to make friends, and they are ready to see them again. Congratulations, kindergarteners! Have a great journey. We at the *Greene County Herald* would like to include recognition for our smallest graduates in the county. This year's kindergarten students will not get to have their graduation ceremonies where they show off the things they have learned during their first year of 'big kid' school. We normally send letters to GCSD schools for their kindergarten students to answer questions which we publish in the graduation edition of the *Greene County Herald*. Due to circumstances surrounding the Covid-19 pandemic, we were not able to do that this year. However, we did get answers from a few of our kindergarteners.

- Students were asked the following questions:
- If you could have a SUPER POWER for a day, what would it be and why?
 - What do I want to be when I grow up and why?
 - What was your favorite part about Kindergarten?
 - Are you excited about first grade, and why?

Pictured above are McLain Attendance Center's future first graders Ezell McLeod, Makayla Hilton, Branson Dixon, Acea Malone, Jacayden Moody, James Frye, Christian Cooley, Kenley Edwards, Brooklyn Dukes, Lilah Moran, Marley Ferguson, Chevella Cooley and Brycie Dixon.

Future First Graders at McLain Attendance Center

I would love to have the power to be able to fly so I can be fast. I want to be a mechanic so I can fix things like my daddy. My favorite thing about kindergarten was show and tell because I loved to bring my dinosaurs when I could. I'm not sure if I'm excited about first grade because it's all gonna be new.

CHRISTIAN COOLEY

If I could have a superpower for a day it would be to fly so I can look at the clouds. When I grow up, I want to be a doctor so I can help people feel better. My favorite part about kindergarten was going outside to play. I am excited about first grade because I am growing up and going there!

CHEVELLA COOLEY

If I could have a superpower for a day it would be to fly. When I grow up I want to be a dad so I can go to work. My favorite part about kindergarten was playing with my friends on the playground. I am excited about first grade and making new friends.

BRANSON DIXON

If I could have a superpower for a day it would be to fly so I can fly to people's houses without driving. When I grow up, I want to be a nurse like my momma so I can help people so they won't be sick and help the with that coronavirus! I am excited about first grade so I can make good grades and get smarter!

BRYCIE DIXON

If I could have a superpower for a day, it would be to run really fast because I love going fast! When I grow up I want to be a dog sitter
