

How Can Elder Advantage Help Your Family?

Asset Preservation

You spend an entire lifetime accruing assets and building legacies. Working in cooperation with attorneys* and other professionals, we will work to devise a plan to keep those assets safe, so that they don't get unnecessarily trapped by nursing home expenses and income restraints.

Medicaid Representation

Medicaid policies are ever-changing; many applicants can fall prey to misinformation about what they can (or should) do to avoid or limit nursing home Medicaid "spend down". Our team of professionals will work to maximize benefit procurement and we will be an advocate who stands up for your rights.

Veterans Benefits-We Can Help!

Many veterans and their spouses are unaware of the benefits they could be receiving. We help veterans to maximize their VA pension benefits by working within the system to get veterans the help they deserve.

What is one thing people should know about EA?

We take the time in this trying season of life to patiently and clearly explain (and handle) the process of obtaining needed benefits. We will coordinate our efforts with other trusted professionals (including attorneys) to help create a strategy that works for you. Medicaid, Veterans Affairs, Tax Implications—it can all become an overload of information. We want to help ease your mind, provide guidance and help alleviate some of the stress.

We believe legacies deserve to be protected. Because to us, it's always personal.

*Elder Advantage, LLC is not a law firm. We work with appropriately licensed attorneys (and other professionals) for a wholistic approach to overall benefit planning.

If you have a loved one in a nursing facility or may be going into one soon, let our team help you get the benefits you deserve. For a FREE consultation please call (270) 684-6757.
