## Lantana Nature Preserve to Get Eight Foot Wide Concrete Path

Lantana iswore in two new council members Monday evening. Mark Zeitler for Zone 3 and Karen Lythgoe for Zone 4 were sworn in and got right to work. The Council, under the direction of Mayor Dave Stewart took on the lane striping issue on Hypoluxo Island. The Council agreed to remove some of the striping and make it as close to the old stryping as could be done safely. Next, the council con-

sidered the path in the Lantana Nature Preserve . This long kicked around issue, asphalt, crushed concrete, concrete or any of a few other aggregates. With two new members on the council, the council decided to spend the money on the concrete. Mayor Stewart said he didn't want to have to do this again in his lifetime or his sons lifetime. Town Manager Deborah Manzo breathed a sigh of reliefe and said finally.

Previous councils had requested staff bring new quotes every other time they discussed the issue. The path will be constructed eight feet wide except in one section where it will be narrowed to six feet to accommodate the terrain. Other items considered by the council were a second reading of ;an ordinance to amend the Chapter 23 of the Zoning Code of the Town to remove redundant

language.. A second ordinance amending Chapter 23 Zoning of the Town Code to prohibit the rental of bicycles, bopeds, scooters and related devices passed by a 3-2 vote with Mayor Stewart and Councilman Zeitler dissenting. Fireworks were approved with Zambelli Fireworks through a piggy-back on the City of Boynton Beach's bid, for a sum not to exceed \$30,000.

## Delivery and Curbside Pick-up It's How Food Is Served These Days

Restaurants throughout the county and most of the country have had to reinvent their delivery methods due to the Coronavirus sweeping the nation. The City of Lake Worth is working with restaurants allowing them to rope off curbside areas for food pick-up. Emergency Order Number 2 Palm Beach County COVID-19, section 4.m. states: Restaurants and other facilities that prepare and serve food, but subject to the limitations and requirements of the Governor's Executive Orders now existing or subsequently issued, including but not limited to Executive Orders 20-68, 20-70, 20-71, and 20-83. Schools and other entities that typically provide free food services to students or members of the public may continue to do so on the condition that the food is provided to students or members of the public on a pick-up and take away basis only. Schools and other entities that provide food services under this exemption shall not permit the food to be

eaten at the site where it is provided, or at any other gathering site under their control; Several restaurants throughout the county are operating on take-out only,. Restaurant owners in

downtown Lake Worth Beach were reporting doing 20 to 40 percent of the business they usually do this time of year. Most said they still have all of their staff employed but times are getting

tougher and they may have to start laying some off to be able to keep the doors open Check to see if your favorite restaurant is doing the take-out thing and support them if they are.

FROM WHERE I SIT  
BY PELICAN PETE

Is it the virus, or the campaign? Commissioner Omari Hardy threw a few temper tantrums over electric disconnections...that happened a couple weeks ago and power was restored without payment...Hardy still appeared to use the incident as a campaign platform...rudely interrupting others on the commission when they had the floor...Maybe we should call him "Point of...Hardy", the college level debater. All this bad behavior to keep the commission from passing a resolution defining the Mayor's power. The Mayor's wrong, the City Manager is wrong, the City Attorney is wrong...apparently, Maybe Hardy doesn't know right from wrong.

Take out Food, Beer & booze all over downtown Lake Worth Beach...Now there is a need for people to order and take out...

This stay in the house stuff is tuff on those living in So. Fla...The weather has been just beautiful and you can't go to the beach, or the parks. You can't take the boat out, but you can get the food to go. ...Not many places you can take it other than right back home...at least you don't have to wear a sweat shirt or jacket to pick up the food and it won't be completely cold when you get home.

This will pass and we will enjoy Florida wh=eather again. Be Patient!

## Don't Forget to Complete the 2020 Census

All Palm Beach County residents should have received their invitation to complete the 2020 Census questionnaire. All residents are urged to complete the questionnaire as soon as they can. It will take about 10 minutes to complete. It's safe, secure, and confidential. Information and privacy are protected. Responding to the Census

helps to direct billions of dollars in federal funds to local communities for schools, roads, and other public services. Results from the 2020 Census will be used to determine the number of seats each state has in Congress and political representation at all levels of government. You Count In Palm Beach County.

## Coronavirus Call Center Information
