

ESSENTIAL continued from page one

been deemed “unessential”. However, some of our true front of the line - “the essential” people - who keep this world going are your doctors, nurses, EMTs, pharma-

cists, and social workers. They have only one option, and that option is going into work and doing it with a smile. Please enjoy “the essentials” hard at work.

We'll Be Here To Meet Your Total Banking Needs.

We are your two locally owned community banks. We have both been serving the financial needs of Russell and surrounding counties for over 100 years.

Because of the continuing threat of the COVID-19 we will be providing drive-thru services only until further notice. Our drive thru windows will be open as usual and we will continue to meet your banking needs. We have a wide variety of services that can be used during this time such as ATMs, Internet and Mobile Banking.

If you need a loan or access to your lock box, just call and arrangements will be made to take care of your request.

We will be here answering our telephones, so give us a call and we will help you any way we can to ensure your banking needs are not interrupted.

We will continue our long standing commitment to our community and customers as we strive to give our same quality service.
