

MMRLS to join digital lending partnership with The Library of Hattiesburg

Press Release

Mid-MS Regional Library System (MMRLS) is excited to announce a new digital lending partnership with The Library of Hattiesburg Petal & Forrest County via the free cloudLibrary app starting October 7.

This partnership will start six days after the full launch of the new eBook and eAudiobook app for residents in Attala, Holmes, Leake, Montgomery and Winston County.

During the month of October, library guests will gain

access to over 100,000 eBooks and audio books, a virtual library card, the ability to view digital checkout history, plus receive app notifications for digital item holds and library events. In addition to the full cloudLibrary digital collection MMRLS offers, guests will also get to enjoy that of the Hattiesburg based library system.

“We are happy to be able to expand our digital collection for our patrons. This new digital lending partnership with Hattiesburg through the cloudLibrary service is hopefully the first of many to come. We are excited about

the future growth of our digital collection and the potential of digital lending throughout our state,” said Josh Haidet, executive director.

For more information, call or visit your local MMRLS branch library or the library’s website midmisslib.com. All library services are made possible thanks to the continued financial support of your local elected officials.
