

Local students share their Christmas wishes with Santa Claus

The Alleghany News thanks the teachers and staff of Alleghany County's schools for their diligent effort to provide this year's Santa letters. With some students on alternating weeks of in-class instruction and others receiving their education remotely from home, this was especially challenging. If the newspaper is provided with Santa letters of any student or students, pre-school through third grade, who were left out of this issue, that letter or letters will be featured in next week's issue.
