Horseshoe Bend to add 300+ homes to Clinton

Special to The Clinton Courier

Horseshoe Bend will be located at the former Horseshoe Acres property on Pinehaven Drive.

In February, Fisher and the Board of Aldermen approved a request by VTW Investments to rezone several parcels of land along the Clinton Parkway, allowing for a multi-million dollar mixed use development with approximately sixteen single-family homes and commercial buildings with residential units. Also approved was the preliminary plat for Trace Pointe LLC for the new Trace Pointe subdivision at the corner of Pinehaven Drive and Arrow Drive. Home sizes in this development will be similar to those in the adjacent Indian Trails subdivision.

City leaders say recent continued renovations to Clinton's park system, the addition of walking trails to Arrow Drive, a fully-funded paving budget of \$1.3 million and Continental Tire, added to Clinton's award-winning schools, are all aligning to position Clinton for positive growth.

"New residential investment has piqued the interest of national developers, who are now eyeing Clinton as an important retail anchor in central Mississippi," said Gabriel Prado, Director of Economic Development for Clinton.

GRAND OPENING

THURSDAY MARCH 26TH AT 10:30

105 MID POINT DRIVE, CLINTON, MISSISSIPPI 39056

\$10 OFF

ANY PURCHASE

Exclusions apply. See store for details. Offer expires 03/31/20
