Clinton's Gulf Relay providing essential pandemic services

Special to The Clinton Courier

make it through these tough times.

It's been a bit of a culture shock, Baldwin said, with system-wide changes to the natural flow of business and adaptations to new guidelines to maintain social distancing with deliveries, mask requirements by customers and more.

"I can't say enough how strong the team is...Our drivers have been very understanding and helping in the process."

"We're very blessed, even though we're a large company, that we have that family environment," Baldwin

said of Gulf Relay. "We started with six trucks ten years ago, and built it off of more than money coming in the door...It's special over here at Gulf Relay, and that allows us to retain drivers and take care of them."

He's glad to see truck drivers get more recognition and appreciation, including in radio and TV ads that praise front line workers during the pandemic.

"Everything you see today came in on a truck, one way or another. I think more and more people are realizing how important drivers are."

MOSQUITO AUTHORITY

DRAIN DRESS DEFEND

Remove Standing water from around your home. It only takes a bottle cap's worth of standing water to cause a mosquito problem

Common Culprits that should be monitored regularly for standing water include

- clogged rain gutters
- corrugated drain pipes
- bird baths
- pet bowls
- trash & recycling bins
- plant pots
- children's toys

When practical, wear long pants and long sleeves. Loose-fitting, light-colored clothing is best

Studies have shown that some mosquitos are more attracted to dark clothing and can most readily bite through tight-fitting, loose-weave clothing.

Use repellent! The EPA has registered repellents that have been reviewed and approved to pose minimal risk when used properly:

- DEET (N, N-diethyl-m-toluamide)
- Picaridin (KBR 3023)
- Oil of lemon eucalyptus (p-methan 3.8-diol, or PMD)

When performed properly by trained professionals, back yard mosquito treatments can help to reduce the danger and risk posed by disease-carrying mosquitos

Mosquito Authority's REPEL+PLUS Mosquito Treatment will break the mosquito lifecycle and all but eliminate mosquitos from your yard and your life - all summer long
