Special to The Clinton Courier

The City of Clinton recently announced the long-awaited grand opening of the new Lions Club Park in Olde Towne Clinton. The opening will be held on Friday, May 27, at 10 a.m.

The new Lions Club Park will be state-of-the-art, ADA-compliant and visually-impaired friendly. The new park is located directly across East Leake Street from the former park location that fostered many childhood memories for generations of Clintonians.

City officials believe that the enhanced park will provide additional generations of Clintonians the oppor-

tunity to make more memories and continue the rich history of a great community park in the heart of Olde Towne.

Nestled in the heart of Olde Towne Clinton at 251 East Leake Street, the new park was designed by Clinton resident Jared Acy of WAS (Watkins, Acy, Strunk) Designs and constructed by Ormon Construction of Clinton. The new park includes an ability-inclusive playground, picnic pavilion, walking trail, amphitheater and restrooms. On-street parking will also be available for visitors to the park.

Strict social distancing rules will be in effect during the Grand Opening and also on the playground once the park opens.
