CHS promotes Elliott Rimmer to head coach of Lady Arrows Soccer

Special to The Clinton Courier

Elliott Rimmer (left) has been promoted to head coach of the Lady Arrows Soccer team. He served as assistant coach during the 2019-2020 season. The Lady Arrows finished as state runners up in the MHSAA 6A State Championship match.

Special to The Clinton Courier

For the past two decades, Thomas Bobo's name has been synonymous with Lady Arrows Soccer. But after twenty-two years, the Clinton Lady Arrows Soccer team will have a new coach.

Elliott Rimmer has been named as head coach of the Clinton Lady Arrows Soccer program.

Rimmer filled the assistant coach slot during the 2019-2020 season, helping Coach Bobo's team get to the MHSAA 6A State Finals.

"Spending the past year under Coach Bobo has given me an enormous advantage when it comes to taking over his program," Rimmer said. "He turned the Lady Arrows Soccer program into one

that is respected across the state due to its consistent success."

Born and raised in Clinton, Rimmer has a deep history with the city of Clinton and the sport of soccer.

Rimmer is a graduate of Mississippi College where he was a four-year starter for the Choctaws and captain for three. He's spent the past three summers playing for Gaffa FC, a semipro team based out of Jackson.

Rimmer's excitement about taking over is evident. He said his goal is to take what Coach Bobo has established over his tenure and build from there.

"There's a long legacy of fantastic Clinton soccer teams stretching back decades," he said. "I hope to continue to add to that year after year."

North Midway Road bridge closed to traffic

Special to The Clinton Courier

Following an inspection by bridge engineers on May 6, 2020, the City of Clinton was informed that the North Midway Road bridge between Clinton/Raymond Road and McRaven Road in Clinton must be closed to all traffic beginning at 7 a.m. on May 7, 2020.

Bridge closed signs will be placed by Clinton Public Works to prevent use of the bridge by motorists.

Temporary repairs were completed on the North Midway Road Bridge in 2018, weight limits were posted and the bridge deemed sufficient for use. Following

the most recent inspection, it was determined that the bridge was deficient and the bridge would need to be closed until a new bridge can be installed.

Detours will be marked. No timeline for repairs has been provided, but funding, design, permitting, and construction could last into 2021.

"We regret the inconvenience this closure will have on our residents and visitors, but the safety of our motorists is the top priority," said Mayor Phil Fisher.

For updates on the closure, visit the City's website at www.clintonms.org/roadclosures or www.facebook.com/clintonmiss.
