

LBHS construction work continues

All photos by Dom Fimiano

Special to Long Beach Breeze

Construction work continued earlier this month on the Long Beach High School campus. The \$20 million project began in June 2019 and includes upgrading the high school, which was built in 1958. The work was made possible when Long Beach voters passed a bond issue about two years ago. The academic portion of the facility comes in phase one. Phase two is construction of a new gym, an auditorium and thirty-six modern classrooms. The second phase should be completed in August 2021. Pictured are the exterior, the administration building and classrooms.

FAST PACE HEALTH URGENT CARE

Seeking care with YOUR local health provider? Our dedicated staff has created a safe secure lobby environment for all your urgent care needs. We are ready to serve you.

We are actively sanitizing all in-clinic surfaces and providing triage from vehicles, including a dedicated process to screen anyone with COVID-19 like symptoms.

****Fast Pace Health recommends that patients who suspect they have COVID-19 (coronavirus) follow CDC guidance and call our nearest clinic for additional advice. Visit online for a full list of clinic locations. If you are experiencing a medical emergency, please dial 9-1-1.**
