

What academic memory will stick with you? I will always remember the good times I've had with my friends at school and the teachers who helped me get to where I am today.

Plans after high school: I plan to study aerospace engineering at the University of Tennessee, Knoxville, where I have been accepted into the Tickle College of Engineering Honors Program.

What impact has the COVID-19 crisis had on your next steps? It's certainly made them more uncertain, however it has also allowed me to see other things much more clearly than ever before. I've known, from my travels throughout the world, that we were all connected, and the COVID-19 crisis has only served to enhance this belief. The future for everyone is more uncertain than ever, but it is because of this worldwide uncertainty that I believe that we should come together and support each other in these trying times. It has made me more determined than ever to study and learn to do whatever I can to help humanity.

Lydia Hazlewood,
valedictorian, Greenfield
GPA: 4.0
Hometown: Greenfield
Previous schools: Attend-
ed Greenfield School all

13 years
Favorite subjects: Math and History
Favorite teachers: Miss Linda Farmer and Miss Beverly Williams
What academic memory will stick with you? My freshman year I struggled with English, but I finished the whole year with nothing but A's.
Plans after high school: I have wrestled with whether or not I should go to college away from home or closer to home. I decided to attend college at UTM.
What impact has the COVID-19 crisis had on your next steps? The Covid-19 crisis has made me think about where I want to begin my future.

Kassidy Harris,
salutatorian, Greenfield
GPA: 4.0
Hometown: Greenfield
Previous schools: al-
ways attended Greenfield
School
Favorite subject: Math-
ematics

Favorite teacher: Throughout high school, Ms. Linda Farmer
What academic memory will stick with you? An academic memory that will stick with me is attending an area math competition at UTM as a freshman and receiving second place in Algebra I.

Plans after high school: To attend the University of Tennessee at Martin and major in Biology. After college, I plan to attend medical school with the intent of becoming an ophthalmologist.

What impact has the COVID-19 crisis had on your next steps? COVID-19 has made a huge impact on my life. It has shown me the importance of life. Through the pandemic, I have learned to never take anything in life for granted. No one is promised tomorrow. I believe it is important to live every moment as if it is your last.

Cate Spencer
valedictorian, Westview
GPA: 4.0
Hometown: Martin
Previous schools: I have
always gone to school in
Martin, TN
Favorite subjects: English

and Art
Favorite teacher: Mrs. Debbie Kerley
What academic memory will stick with you? Freshman year, I competed in FC-CLA competitions in parliamentary procedure, and my team and I went all the way to nationals.

Plans after high school: I am attending The University of Tennessee at Martin in the fall and majoring in psychology.

What impact has the COVID-19 crisis had on your next steps? The crisis has caused uncertainty about many things, such as in-person classes versus online classes, and has caused my summer orientation to be online now.

William Spencer
salutatorian, Westview
GPA: 4.000
Hometown: Martin
Previous schools: Mar-
tin Primary, Martin El-
ementary, Martin Middle,
Westview High School

Favorite subjects: English, Algebra
Favorite teachers: Mrs. Glover, Coach Rutledge, Mr. Tucker

What academic memory will stick with you? I remember all the times I messed up or failed. I took these mistakes, learned from them, and became a better student in the process. For me, it was always important to know that I could not be perfect, and my inevitable blunders would humble and strengthen me.

Plans after high school: I will attend UTM and pursue a fulfilling career.
What impact has the COVID-19 crisis had on your next steps? I want to make sure to treasure and value my friends and family.
